A LETTER FROM JENSEN

We are building one of the world’s great technology companies. NVIDIA is a “learning machine” that constantly evolves by seeking challenging opportunities that matter to the world, and that only we can solve. We attract the world’s best people, so we can achieve our highest aim: building a company that lets us do our life’s work, at the highest level of our craft.

The computing platforms we build are loved by the most demanding computer users—gamers, designers, and scientists. They seek us out because they need the supercharged form of computing that we pioneered—GPU computing. We’ve evolved the GPU from a 3D graphics chip into the computer brain at the epicenter of the industry’s most promising endeavors: artificial intelligence, self-driving cars, intelligent robots, virtual reality.

We are inventing the future. Our people and our culture make our achievements possible. We attract the best minds in the industry. People from diverse backgrounds, who work as one team. People with a passion for craftsmanship, who build amazing things. We challenge the status quo and innovate beyond boundaries. We embrace failure as a vital part of learning. We work with speed and agility, testing ourselves against first principles—and holding ourselves to the highest standards of excellence.

Review Our Code. It’s a guide to how we conduct ourselves in our professional relationships. It describes the principles that apply to how we act toward customers, partners, competitors, vendors, government regulators, stockholders, fellow employees, as well as the community at large. In everything we do, we must act in a manner in which all of NVIDIA can take pride.

We’ve built a one-of-a-kind company. What we make allows the Einsteins and da Vincis of our time to do their life’s work—pioneering discoveries that are profoundly changing our world. By dedicating ourselves to Our Code, and nurturing our core values, we will continue to demonstrate why NVIDIA is one of the world’s most important—and admired—technology companies, making an impact in ways that only we can.

CEO and Founder
INNOVATION
Dream big, start small. Take risks, learn fast.
We make things that delight customers and raise industry standards. We encourage employees to innovate, guided by first principles, not consensus. We know our path to discovery will be paved with mistakes. We anticipate and avoid the ones we can. We accept, learn from, and share the ones that occur. This allows us to invent things the world doesn’t even know it needs, and by doing so, invent the future.

INTELLECTUAL HONESTY
Seek truth, learn from mistakes, share learnings.
We operate at the highest ethical standards. We seek to accurately know ourselves and our capabilities—acknowledging our weaknesses and learning from our mistakes. The sharpest understanding of reality improves our work. Identifying the origins of mistakes is not about blame. It is essential to learning and constant improvement. We say what we believe, and have the courage to act on it.

SPEED AND AGILITY
Learn, adapt, shape the world.
We are alert and constantly learning, and adjust course to align to new realities. This lets us create groundbreaking products at astonishing speed. No politics, no hierarchy stands in the way of inventing the future.

EXCELLENCE AND DETERMINATION
Maintain the highest standards.
We hire extraordinarily talented individuals across the globe, people determined to make a difference. We challenge ourselves to do our best work. We measure ourselves not against the competition, but against perfection—we call it the speed-of-light test. We are not deterred by lengthy endeavors if they are worthy. We are playing a long game.

ONE TEAM
Do what’s best for the company.
We foster an environment of transparency, openness, and sharing information. One that motivates our employees, and empowers them to work as a single integrated team. We disagree openly and directly because conflict is essential to resolving differences, improving ideas, and achieving alignment. Our focus is on substance, not on style. By putting the interests of the company before our own, we can more easily accomplish NVIDIA’s vision.

FOLLOWING OUR CODE

Every NVIDIA employee and board member is expected to read, understand, and comply with Our Code.

We expect all third parties we do business with, including consultants, contractors, and other service providers, to act in a manner consistent with Our Code.

Our Code provides high-level guidance on our core values. It’s impossible to spell out every ethical scenario we might face, so we rely on our good judgment and high professional standards to uphold and apply Our Code.

Along with the corporate guidelines and policies linked within Our Code, we also follow the additional policies on NVINFO.

Failing to abide by Our Code, NVIDIA’s policies, or applicable law and regulations can lead to disciplinary action, up to and including termination of employment or service.

Training
We complete training on Our Code upon hire and then every two years.

Compliance Committee
NVIDIA’s Board of Directors has formed a Compliance Committee to ensure ethics concerns are addressed appropriately.

Waivers
Any waiver of Our Code requires written approval from the Compliance Committee. If the waiver involves a member of the board of directors or executive officer, approval by our board is also required and will be disclosed in line with applicable rules or laws.
WE HOLD OURSELVES TO THE HIGHEST STANDARDS IN ALL OUR DEALINGS.

We make ethical decisions

> When we face difficult decisions at NVIDIA, we take the time to consider the implications of our actions regarding the law, Our Code, and other NVIDIA policies.
> We ask ourselves what the impact would be if our conduct or action became public or came to the attention of colleagues we respect.

We do not engage in bribery

> It’s never acceptable to give, receive, or offer a bribe (including cash, gifts, entertainment, or anything of value), or for a third party to do so on our behalf.
> Offering a bribe can lead to criminal sanctions and financial penalties against NVIDIA or its representatives.

We may also be held responsible for the acts of our partners, agents, and representatives.

> We should be particularly cautious when interacting with government officials or others connected to a government and be aware of our business partners’ affiliations with government officials.

Know our key policies and guidelines:
- Anti-Bribery Policy
- Gift and Entertainment Policy
- Conflict of Interest Policy
**We avoid conflicts of interest**

> Make decisions in the best interests of NVIDIA.

> Avoid situations where our actions might create a conflict—actual or potential—between our personal gain and our obligations to NVIDIA. If such conflicts arise, we immediately remove ourselves from any decision-making role in the matter.

Know our key policies and guidelines: [Conflict of Interest Policy](#)

**We do not limit competition**

> We don’t engage in activities that might limit competition or violate antitrust laws.

> We gather competitive information with care, seeking only data that is publicly available or licensed to us.

> We conduct our internal discussions, deliberations, and activities as if they were in the public view.

Know our key policies and guidelines: [Antitrust and Competition Guidelines](#)

**We comply with laws governing international trade**

> Our products, services, and technologies must comply with U.S. as well as applicable import and export regulations in all countries where they are delivered.

> Seek guidance from NVIDIA Global Trade to ensure that these transfers comply with applicable laws.

Know our key policies and guidelines: [Trade Compliance Policy](#)

**We meet our disclosure obligations**

> We are committed to full, fair, accurate, timely, and clear disclosure in reports and documents that we file with or submit to government agencies, as well as in other public communications or in material that we develop for internal use.

Know our key policies and guidelines: [Finance Team Code](#)

**We do not trade on or disclose non-public information**

> We don’t trade NVIDIA stock while we are aware of material, non-public information or outside of designated trading periods (unless under a 10b5-1 trading plan).

> We don’t discuss material, non-public information about NVIDIA with anyone outside NVIDIA, or those within NVIDIA without a valid need to know.

> We don’t make recommendations to anyone regarding the buying, selling, or holding of NVIDIA stock.

WE TREAT ALL PEOPLE INSIDE AND OUTSIDE OF THE COMPANY WITH DIGNITY AND RESPECT.

We honor human rights

> We comply with all applicable laws; respect internationally recognized human rights where we operate; and support the rights of employees in our suppliers’ operations.

> We don’t engage in child labor, forced, bonded or indentured labor, involuntary prison labor, slavery, trafficking of persons, or physical punishment.

> We offer competitive wages and benefits worldwide and honor working hours and work weeks that meet or exceed local laws.

> We respect the right of all workers to form and join trade unions, to bargain collectively, and to engage in peaceful assembly as defined by local laws. We also respect the right of workers to refrain from such activities. We seek employee feedback to promote open communication globally.

Know our key policies and guidelines: [Combating Trafficking in Persons Policy](#)

We treat each other with respect

> We foster an environment of mutual respect, honesty, and openness, where each employee is treated as a valid contributor.

> We don’t tolerate actions, words, or gestures that are abusive or harmful to others, are intimidating, or create an offensive or hostile work environment. This includes, but is not limited to, offensive conduct, derogatory jokes or comments, or unwanted sexual advances.

> This standard applies to our relations with customers, partners, co-workers, and fellow community members around the world.

Know our key policies and guidelines: [Policy Prohibiting Discrimination, Harassment, and Retaliation](#)
We promote diversity

> We treat each individual fairly, and we don’t tolerate discrimination or harassment against anyone on the basis of any protected characteristics.
> We don’t consider protected characteristics when making decisions regarding recruiting, hiring, compensation, benefits, training, termination, promotions, or any other condition of employment or career development.
> Protected characteristics include but are not limited to race, color, age, gender, sexual orientation, gender identity and expression, ethnicity or national origin, disability, pregnancy, religion, political affiliation, union membership, covered veteran status, protected genetic information, or marital status.
