Compliance Hotline and Webline

Available 24 hours a day, 7 days a week.

Huntington Health is dedicated to conducting all its business affairs with absolute integrity, honesty and fairness when dealing with physicians, employees, volunteers, patients, and payers. A series of standards that guide our behavior and performance have been established and are referred to as our Standards of Conduct. These Standards of Conduct are outlined in ***The Standards We Live By.***

As a means of supporting our Standards of Conduct, the Compliance Program was instituted and designed to establish a culture within our organization that promotes prevention, detection, and resolution of instances of conduct that do not conform with hospital policies, federal and state laws, regulations, and statutes.

The Compliance Hotline/Webline are available resources, where submissions can be made anonymously, to have questions answered or to address concerns related to our Standards of Conduct. Huntington Health is committed to the policy of not retaliating against those who make a good faith effort to express compliance concerns.

Compliance Hotline
