

Southwestern Vermont Health Care Corporate Compliance and Legal Services Department

It is the mission of the compliance and ethics program at SVHC to foster an organizational culture promoting the highest standards of integrity and ethical conduct. We are committed to following all laws and regulations and to use our best efforts to detect errors and prevent improper conduct. To support this mission, the Compliance Department encourages anyone with reason to believe that a violation of law, regulation, the SVHC Code of Ethical Conduct or other SVHC policy to report their concerns or ask questions.

We are committed to honoring your confidentiality. We invite you to report issues and concerns using any of the methods below without fear of retribution. We promise to protect your anonymity should you choose to keep your identity confidential.
