

## CULTURE

Fundamental purposes of the company:

1. To create value for our clients.
2. To create a great place to work for our employees.
3. To create a return on investment for the firm.

## MISSION

ProSol delivers rapid and reliable services to include training, language, mission operations and information technology solutions that support the Federal government. Our professional team builds lasting partnerships through a commitment to quality service, prompt results, and honest business practices.

## VISION

ProSol strives to be the most responsive provider of government solutions through a talented and innovative workforce that is committed to excellence.

## CORE VALUES

Integrity  
Excellence  
Flexibility  
Speed  
Long-term Commitment

## CODE OF ETHICS

ProSol is an organization with deep roots in ethical behavior. We pride ourselves in acting in a respectful manner, and treating others with the respect they deserve. While supporting our customers, partners, and employees we honor each individual code of ethics.

## QUALITY POLICY

ProSol continually improves processes, products, services, and technologies, enabling rapid solutions delivery that meets or exceeds client expectations.
